

REMARKS

Applicants respectfully request entry of the present amendments which generally conform the claims to U.S. practice.

The current claim amendment is based upon the claims as set forth in the annexes of the International Preliminary Report on Patentability (IPRP) of the related PCT application (PCT/DK2004/000635). A copy of the IPRP with annexes is provided herewith. The present claim amendment revises claims 1-3, 5, 7-10, 13-18, 22-24, and 26 of the IPRP in order to conform the claim set to U.S. practice and standards.

No new matter is being introduced by this amendment as antecedent support is set forth in the originally filed application.

Prosecution on the merits is respectfully requested.

If there are any charges with respect to this Amendment or otherwise, please charge them to Deposit Account No. 06-1130 maintained by Applicants' attorneys.

Respectfully submitted,
